

Welcome to your Paid Employee Training Classes! This is an eight-hour day of paid training conducted at the office. It takes 8 hours or less to complete all the classes below. You are paid \$100 to take these classes, which is \$12.50 an hour.

Depending on your schedule, you may take all 5 classes in one day or just a few. We will pay you based on the class passed by tracking tests with a passing score. The office and Area Managers get all test results.

There are tests for each of the classes, but they work like the practice test, you simply take the test until you pass. As with all your training, it's not about passing the test as much as it is about learning the material in the class.

**Products, Packages & Procedures** class introduces you to the specific cleaning products you will use. It will also review the cleaning packages we provide to our customers along with some additional instructions on how we clean in certain situations. This class takes no more than **5 hours** including reading a 91-page book and taking the Test.

**Safety Training & Material Safety Data Sheets** training class reviews the importance of safety first. You will also review the Material Safety Data Sheets of all the cleaning solutions you use to clean homes. This is a **1 hour** paid training class including taking the Test.

**COVID-19 Training** This **30-minute** class introduces you to some of the challenges of being a professional cleaner in this pandemic. Your safety is our highest priority.

**Employee Handbook** class introduces you to benefits, rules and requirements for all employees. This class takes no more than **1 hour** including reading a 35-page book and taking the Test. There is no Practice Test. You simply take the test until you pass.

**Ethics Class** This is a **30-minute** class that reminds you about the responsibilities of being a professional cleaner.

### Instructions for accessing your classes:

1. Go to [www.MaidTrainingAcademy.com](http://www.MaidTrainingAcademy.com)
2. Click on Gateway in the menu at the top of the home page.
3. On the Gateway page, click on our company name: [It's Maid Day](#)
4. You will be required to enter the password: [IMD8447](#)
5. On the next page click on "[Click HERE for the Learning Center](#)"
6. Enter the password: [Clean8447](#)
7. Follow the instructions on the following pages
